

June 2017 Issue 15

Hello all,

Welcome to our winter edition. Rain is a common topic of conversation and it's always great to hear of significant falls across our region. Unfortunately, some areas of Yorke and Eyre Peninsula haven't received decent falls as yet. With the coming colder weather, we hope that the troublesome mice plagues will disappear.

It is always nice to see Laura busy and our Caravan Park has been busy at various times judging by the many vans parked and tents pitched recently. I hope everyone enjoyed their stay and are most welcome to come back whenever time allows.

Our town organisations require people to assist as volunteers. Many people contribute countless hours to make events happen and more importantly, to be an enormous success. Please consider coming to the LCDTA AGM to support the committee and if you have the time, help them by filling a vacant position. Folk Fair also have some positions available, your help can make a lot of difference and will keep our lovely town and our events going forward successfully. If you have some ideas, please come along and share them as well.

Work continues with the storm water diversion project. It is a positive and the contractors tell us it will make a "huge difference" to water build up in certain lower parts of town. I commend Council for this project and look forward to witnessing its positive effects during future rain events.

Please stay warm and I hope you can avoid the colds and flu.

All the best,

Andrew Zanker, LCDTA Chairman.

where love comes to life

Changing Faces of the Season.

Change! – Change, it is all around us – a tree in the season of autumn with it's leaves in all different hues of orange and red, a baby as it develops in spaces measured by days, weeks, months and years, a seed planted in the soil bursting forth into fresh new growth, another new model of car, machinery, or whatever, which relegates your current version out of date, another update on the laptop or iPhone (more to learn!), a crisp new plastic five dollar note, the death of a loved one who was the last of a generation – now you are it!

Change – sometimes we embrace it. Other times we fight it, fend it off, ignore it, or go on oblivious to it. But regardless how we respond to it, it is always there waiting to spring out at us to shock us back into reality.

Change – it colours our lives, it can strengthen our resolve to do it well, always to lead us as a community or as individuals on to a future that is always somehow different than where we were before.

Change – love it or hate it we grow and mature in our journey of life (and for some, faith) through change as it rubs up against us. Sometimes it is rough and heated with lots of friction causing scarring and wounding, other times it can be as gentle as waves lapping on the tranquil shore of some idyllic island.

Change – there is one unchanging parameter of life, whether we see it or not, that is in the one ultimate being that oversees all of life's changes, both small and large, and becomes intimately involved in them all by being present in each of life's small moments. You may call Him God, but we ultimately know his nature and character in the person who walked on this earth by the name of Jesus of Nazareth.

Change! – God, He changes not! He is at the crux of all change.

Laura Folk Fair 2017:

Sunshine and balmy temperatures made it a great weekend to be out and about for the huge crowds that attended the 38th Laura Folk Fair on 1st and 2nd April.

It was a great family event, with several big names in children's entertainment such as the Amazing Drumming Monkeys and Mr Oopy the Bubble Man performing throughout the two days. There were exciting new rides from the Showmens Guild of South Australia, Old McDonald's petting zoo and the SSAA SA Mobile Air Rifle Range, providing plenty of fun for the young and young at heart.

Local songbird Isabella Allen showcased her beautiful voice on the Mall Stage, while the acclaimed Police Band of South Australia had the Concert Stage rocking on Sunday afternoon. Several local groups were amongst the many great entertainers that graced the two stages to provide nonstop entertainment all weekend, including the Juke Box Boys and the crew from Hip Hop Bounce.

On Saturday at high noon traffic came to a stop for the Street Parade featuring students from Laura Primary School, along with a couple of clowns that bore a striking resemblance to some well-known locals. The students made some fantastic costumes to suit the theme 'Future Careers'. Following the parade, the fair was officially opened by Mr Brian Gilbertson, Artistic Director of the Adelaide Christmas Pageant.

Returning as the Saturday night headliner were the hugely popular band The Borderers, who played to a crowd of several hundred. With the Folk Fair bar open for business and a diverse range of food on offer, the evening was a huge success topped off by the spectacular fireworks display.

On Sunday the traditional Golden North ice cream eating competition was fiercely contested. The winners of the Juniors heats were Tate Johnson with a time of 2:30.93 and Kathryn Zanker with 1:28.52. Seniors winners were Graham Zanker with 1:17.88 and Lyn Zanker with 1:57.42.

With over 100 stalls, two stages of nonstop entertainment and an estimated crowd of 15,000, the changes from an idea floated by the late Dick Biles 38 years ago (with a handful of craft stalls and a small band of volunteers) to what it is has become is quite amazing.

The event is now well known far and wide, attracting visitors from all around our great State. With promotion on major television channels and this year, the live stream of some of our most exciting moments on Facebook being viewed by people all the way to Darwin and beyond.

The Laura Folk Fair was even mentioned recently in Federal Parliament and is now enshrined in Hansard.

continued on page 5....

....continued from page 4

The success is all due to hardworking and dedicated committees over many years and supported by the whole Laura community. The current committee would particularly like to thank the many local volunteers that work tirelessly from Friday morning right through to Sunday evening to bring 12 months of planning to fruition.

After a short break, the committee will begin preparation for Laura Folk Fair 2018, which is set to be bigger and better than ever. New volunteers are always welcome, anyone interested in getting involved is encouraged to contact the committee.

Details available at www.laurafolkfair.com.au

ANZAC Day 2017:

The ANZAC Day commemorative march held at the cenotaph and clubrooms was the most attended Ceremony for years. It is very gratifying for members to see that the community respects what their ancestors did, and their servicemen and women do for our country. It was most welcome to see some of the present generation proudly marching with their family medals and our members encourage more to participate.

This brings to rise the question “why do we march”?

It has been said ANZAC Day is similar to a military funeral to commemorate the 100,000+ Australians who died in the service of our nation and the sacrifice they and their loved ones made for us all.

It is for this reason, the RSL never refers to Anzac Day march as a ‘parade’ or commemorative event as a ‘celebration’. These terms are appropriate for other events. Many see after the march and ceremony as the time to commemorate survival and to enjoy the comradeship and legacy left to them by those who did not return. For whatever reason we personally see Anzac Day, it should also bring to mind the traditions and the free Australian way of life we now enjoy in our wonderful nation.

RSLSA:

The RSLSA Adelaide branch is in receivership. This can be put down to a number of reasons that are too numerous and intricate in detail to explain here. At the present, there are two options for the headquarters/administrative branch and that is DOAC (trade out) or liquidation.

A decision should be made within the next few weeks. Whatever happens will have minimal effect on the Laura Sub-branch, we will continue to function as usual with our membership and commemorative ceremonies on Anzac Day and Remembrance Day.

continued on page 7....

....continued from page 6

Membership:

One of the reasons for the decline of the RSL HQ is the demise of our veterans, so to keep our organisation operational, the RSL is looking for Affiliate members. This is State wide, but more so in our country areas so that smaller town RSL's do not close. Your support would be most welcomed at the Laura RSL.

Trevor D. McKerlie
President.

Laura and Districts Probus Club news:

Probus continues to enjoy good times.

Our April Meeting was held at Wirrabara with Chook Harslett as Guest Speaker.

Later in April, 21 Members joined in with Peterborough and Jamestown Clubs at Orreroo Probus Club's Picnic. We enjoyed beautiful weather and countryside on route to Carrieton where the northern hospitality shone. A grand day with chat, items and a good meal with friends from other Clubs!

At our May meeting, we celebrated 25 years of the 'Laura and Districts Probus Club'. The Meeting was held at the Sporting Reserve and the meal catered for by the Laura Sporting Reserve Committee. Another great day made extra special by several of the original members being present – Jean Nottle, Carolyn Sorensen, Cynthia Prior, Neil Arbon, Dorothy Harvie and Marg Lowe - who cut the cake, which was made and donated by Nita Klemm.

Lions Club of Rocky River news:

Rocky River Lions are proud to support the staging of the upcoming Laura Country Music Festival over the weekend of 28th July with a donation of \$250. Part of this donation is raised through the sale of donuts at Laura and Gladstone home footy/netball matches and the Laura Folk Fair.

Lions have gained Council approval to upgrade and beautify the small parkland area on the southern side of the Port Pirie road bridge entrance to Laura. Plans are to create a pleasant spot for visitors to park and enjoy the beauty of the Rocky River.

The project is being promoted and managed under the guidance of Lion John Kitto.

NA Council News:

Collection of Waste and Recycling:

Remember to put your bins out the **night before** your collection day. There is no guarantee of the time the bin will be emptied on your collection day.

Rocky River Bus Volunteers Needed:

The Rocky River Bus Committee are urgently seeking Volunteer Drivers for the Rocky River Health and Care Bus.

The Laura Hospital will provide support to those seeking the required accreditation including funding to undertake the Light Rigid Bus License, Criminal History Check and Annual Medical Check. Conditions apply.

Any person interested please contact Julie Arthur: EO/DON Laura Hospital 86633100. It is important to remember if wishing to use the service to book through the Laura Hospital administration department on 8663 3100

Backyard Burning and Keeping Warm in Winter:

Outside the fire danger season (1st May to 31st October) burning in the open, both inside and outside townships is only permitted under certain conditions.

Burning Requirements Outside of Townships (Properties that are rural rated):

The table below refers to burning in the open outside the designated Fire Danger Season. Burning must be in accordance with CFS codes of practice for Broad Acre Burning and Vegetation Pile Burning.

Burning Activity	Conditions/Requirements
Fire for the preparation of food and beverages (i.e. BBQ, Pizza Oven, Weber BBQ Kettle, camp oven).	No permit or permission required. Fuel is charcoal, dry wood, or dry plant material.
Use of a brazier, chiminea or a fire pit for outdoor domestic heating.	No permit or permission required. Charcoal, dry timber or plant matter.
Campfire in the course of camping, scouting or a similar outdoor recreational activity.	No permit or permission required.
Burning agricultural or forestry waste.	No permit or permission required.
Burning for bushfire hazard reduction.	No permit or permission required.

Burning Requirements in a Township (Properties that are urban rated):

The table below refers to burning in the open outside the designated Fire Danger Season. Burning must be in accordance with CFS codes of practice for Broad Acre Burning and Vegetation Pile Burning (Give your neighbours as much notice of your proposed burn as possible).

Burning Activity	Conditions/Requirements
Fire for the preparation of food and beverages (i.e. BBQ, Pizza Oven, Weber BBQ Kettle, camp oven).	No permit or permission required. Fuel is charcoal, dry wood, or dry plant material.
Use of a brazier, chiminea or a fire pit for outdoor domestic heating.	No permit or permission required. Fuel is restricted to charcoal only.
Campfire in the course of camping, scouting or a similar outdoor recreational activity that is not being used for preparation of food.	Requires Council approval by permit.
Burning agricultural or forestry waste including incinerators. (i.e. vegetation pile burning in yard, not including plastic, wooden pallets or cardboard boxes, treated timber or tyres. All materials should be dead and completely dry).	No permit or permission required Monday to Saturday 10.00 a.m. to 3.00 p.m.
Burning for bushfire hazard reduction waste including incinerators. (i.e. vegetation pile burning in yard, not including plastic, wooden pallets or cardboard boxes, treated timber or tyres. All materials should be dead and completely dry).	No permit or permission required Monday to Saturday 10.00 a.m. to 3.00 p.m.

2017 Laura Folk Fair highlights

Rocky River Historic & Art Society – 40 Years:

Over 340 organisations state-wide staged hundreds of events during South Australia's History Festival in May. One of these was an Open Day held by Rocky River Historic & Art Society which celebrated 40 years of the society.

On display in the Courthouse Gallery were the paintings from the 40 years of annual art exhibitions, whilst some of the gems of our historical collection were displayed in the Laura Archives.

The *Laura Collection* contains paintings from the 25 years of the acquisitive Laura Art Prize, followed by 15 years of purchases from the annual exhibitions up to 2017. This eclectic collection contains landscapes, still life and portraits from many nationally acclaimed artists including Mary Milton, Peter Wallfried and Jeff Morgan.

Significant achievements of Rocky River Historic & Art Society include the staging of one of the longest running art exhibitions in rural SA. In 1980 the society staged a street fair in Hughes Street as a promotional adjunct to the Laura Art Prize, and the unveiling of a bust of CJ Dennis in front of what was then the library in the Civic Centre. This was the foundation of the now well-known and firmly established Laura Folk Fair.

Awareness of our local history and promotion of Laura as a boyhood home of CJ Dennis have been significant activities of RRHAS through the years. Another early achievement was the microfilming of the *Laura Standard* newspaper in the early 1980s (est. 1889). Funded by a loan from the then District Council of Laura, and repaid in instalments by the society, this project cost the equivalent of half a new motor car at the time but has proven to be a great asset to researchers. It also laid the foundations for the Laura Standard to be included in digital form on Trove about two years ago, in a joint project between the State Library of SA and the National Library of Australia.

The society has many interesting items in its collection including the prospectus and share register from 1877 of the Laura Railway Co – an amazing initiative of the locals to obtain a rail connection. But just as important historically is the collection of photos of every building in the town in 2000, which even now, but in future years will be a significant historical resource.

The work of societies such as RRHAS may not always have a high public profile, but are providing long lasting legacies for future generations.

continued on page 13....

....continued from page 12

RRHAS is fortunate to have been approved to benefit from the sale of tickets in the **people's choice credit union lottery** for \$2 each. Lottery closes 31st August 2017.

The major prizes include two cars, a \$35,000 shopping spree at Harvey Norman and a \$20,000 travel voucher.

Don't miss out on this great opportunity to support RRHAS.

Tickets available at some outlets in Laura.

Southern Flinders Health Advisory Council Report:

Laura Staff Accommodation:

The house adjacent to the Laura Hospital is currently being refurbished to provide accommodation for up to 3 staff members. Country Health SA is providing funding for most of the project. Donations of unwanted furniture from community members would be appreciated. Contact Director of Nursing - Julie Arthur on 8663 3100.

Laura Kitchen Update:

Work on the Laura Hospital Kitchen upgrade has commenced and is expected to be completed in July. A temporary kitchen has been set up in the Activity Room and community members are reminded that any pickups and deliveries related to the kitchen (e.g. Meals on Wheels) are to be made from the southern front entrance of the Hospital.

Crystal Brook Hospital Guild Fundraiser:

The Crystal Brook Hospital Guild assisted at the Crystal Brook Brick Lego Show in March. They received a donation of \$2000 from the organisers for their assistance. HAC members also assisted with the event.

Laura Community Caravan Park news:

We have had a very busy April with the Park fully booked for the Folk Fair and then this was quickly followed by a visit from the Jayco Jaybird Caravan Club. Next came the Easter long weekend which again saw the Park full.

The laundry now has a new double dryer installed and working - we are going to need this in the coming months.

One of our visitors has taken a fabulous drone shot of the park when the sun was shining and the park and surrounds looked beautiful.

A 220 strong group of Biking SA Outback Odyssey participants stayed in the park over the weekend 13th & 14th May. Laura Events Inc. catered an evening meal at the Civic Centre and a BBQ at Willow Dam Road bringing much needed income into our beautiful community.

Happy Mothers Day to all the Mums, hope your day was fabulous.

Until next time, stay warm.

Stephen and Sharon.

Rocky River Historical & Art Society Art Collection:

Anyone wishing to view the RRHAS art collection, the Courthouse Gallery will be open at selected times during the weekend of the Country Music Festival, 29th & 30th July 2017.

Rocky River Garden Club

Rocky River Garden Club news:

Our monthly meetings have been well attended with a Guest Speaker promoting and sharing their knowledge on all things gardening.

Guest Speaker for our January meeting was John Adams from Wallaroo who spoke about general gardening especially to do with propagating. He also had a wide range of his potted plants for sale on the evening.

February meeting, we welcomed Peter Curtis from Southern Flinders Orchards, Wirrabara Forest. Peter touched on the family heritage of market gardening in the Forest. He shared his knowledge of fruit and vegetable growing and demonstrated a couple of propagating techniques he uses.

Tony Tenney and Noel Curtis were joint guest speakers for our March meeting. Tony, a registered organic beekeeper, is the last commercial beekeeper in the Wirrabara district; it was interesting to hear about the changed role of the beekeeper from solely honey producer to using bees for commercial pollinating. Noel Curtis, a biodynamic grower and 4th generation fruit grower in the Wirrabara Forest, provided an insight into the importance of bees in his own orchard.

Our April meeting was an all-day affair with the hosting of our annual Zone Gathering. A well attended event with both local and visitor interest. The two guest speakers for the day were Karen Montgomery and Barbara Parry.

Karen is a horticulturist, Vice President of the Horticultural Media Assoc. and current past CEO of Landscape Assoc. of SA. Karen gave a very thought provoking 2 hour presentation. Barbara, from Dragon's Rest Habitat Garden in Peterborough, shared her journey in gardening and her involvement in the Peterborough Papier Mache and Wireworkers.

Next Meeting: Monday 22nd May 2017 at Wirrabara Institute at 7:30 pm
Guest Speaker: Terry Skroop – Succulents

Note: 26th June; 24th July; both of these meetings will be held during the day at 1.30 pm.

Laura Senior Citizens Club news:

Our three new members, Gerda Biedenweg, Anna Peleska and Flora Vodden were recently presented with their very nice metal Club badges and can now proudly wear them on Club occasions.

The advent of new members has given the Club a very welcome morale boost and we are hopeful that it might be a pointer to even more folk joining our small group. Of course, there is no pressure on folk to become members of the Senior Citizens Club although we would be delighted if anyone wished to join.

The Bingo afternoons every Thursday are thriving and provide a friendly atmosphere for people to spend time together. We have two sessions with a break for afternoon tea/coffee and a biscuit.

The R.S.L. Hall has a new air-conditioning system which keeps the room comfortably warm in winter and cool in summer.

At present, the Club meets every other month for a meal and fellowship. The next meeting falls on Wednesday, 7th June.

We are planning a special celebration lunch for our Fiftieth Birthday to be held in November. More on that at a later date.

Wind Turbines in the Flinders Ranges:

At Beetaloo on 19th April, the Chairman of a community meeting asked a representative of the Wind Farm developers NEOEN to name "one benefit" that he (the Chairman) would have (as an individual) in having the installation of Wind Turbines in his immediate area. The NEOEN representative was unable to respond. Power will be sold to the highest bidder; cheaper SA power is not the objective.

Residents have always had a clear message that the solar and battery component of the scheme is a good idea but there should not be wind towers in the Flinders Ranges. Premier the Hon Jay

Weatherill stated at Country Cabinet that you can support renewable energy and wind farms but that they shouldn't be everywhere.

NEOEN's website mentions up to 50, 220metre towers between Crystal Brook and Beetaloo (although company representatives are now talking 34 having withdrawn from Northern Areas Council's Natural Protection Zone). By comparison, the Smelter's stack is 205 metres high. (See diagram) These will be the tallest structures in South Australia.

In contention is Port Pirie 'Ranges Zone' which explicitly protects the natural character and scenic value of the Flinders Ranges. At a recent Port Pirie Council Meeting, it became apparent that the company was determined to test the zoning regulations despite council opposition. There are 29 listed non-complying developments from Airfield to Warehouse but the representatives said that they had grounds for proceeding because Wind Turbines were not specifically mentioned.

Beetaloo and Crystal Brook residents are continuing their opposition to this development in the Flinders Ranges. They have a Facebook page called - **Flinders Ranges Wind Farm Free** and urge you to take some of the action suggested in the adjacent box.

Chris Stroud, Chair BVA
